The Annual Report

OF

Vadia State

FOR

1915-16.

CHAPTER I.

General and Political.—The Taluka of Vadia is $\frac{1}{8}$ of the Taluka of Jetpur. If consists of 18 Swang villages, over which it has sole jurisdiction, civil as well as criminal, and has shares in four others held jointly with other shareholders of Jetpur. In Jetpur town itself it has a share of three annas in the rupee, *i. e.* nearly $\frac{1}{5}$ of it, which gives it preeminence over all others.

The area of this State is nearly 72 square miles and its population 10,770 souls. Its annual gross revenue, on an average, is Rs. 1,61,698 the highest in the decade.

It has to pay a tribute of Rs. 7290-15-0 as Peshkashi to the British Government, Rs. 455-3-6 as Jamabandi to the Gaekwar Government, and Rs. 141-8-0 as Zortalabi to the State of Junagarh.

The ruling Chief, Darbar Shri Bawawala, aged 41 years, was born on the 11th of July 1874. He exercises the powers of a Third Class Chief. The heir-apparent, Kumar Shri Suragwala, aged 12 years, was born on the 15th of March 1904.

The Political Agent, Sorath, Lieut. Colonel T. A. F. R. Oldfield, on his tour through the Prant during the latter part of the monsoon season, when rain held off and threatened an imminent famine, visited Vadia on the 25th of September last and stayed here till the 30th idem. Most fortunately for the province rain fell during those days and thereafter and turned the tables.

———:o:———

CHAPTER II.

Administration of the land.—The administration of the land is carried on under a system of Bhagbatai and Vero—assesments in

kind and cash—the latter fixed and the former fluctuating in proportion to the produce of the crops.

The year under report was dreaded to be a very bad one owing to the paucity of rain in the first three months of the season when most fortunately in the last week of September and the first week October we had pretty good showers which turned the tables by improving the agricultural prospects and thereby preventing an additional recurrence of a severe scarcity of grain and fodder during a score of years.

The total rainfall was only 12 inches and 54 cents out of which the showers before the end of the season aggregating 4 inches very much improved the condition to the great relief of the State and the ryot.

There were 44 boundary disputes in the beginning of the year, out of which 23 were settled during the year. There remained, therefore, 21 to be settled hereafter.

——:o:——

CHAPTER III.

PROTECTION.

Police.—The State does not maintain any military force as such. It has a Police force of 22 foot and 8 mounted, all headed by a Foujdar. The foot Police is armed with muzzle loading guns and bayonets and the mounted with swords and guns, some of the Sowars being for a long time without the latter, though the Agency is for a number of years past moved to supply them from Government arsenal. The total cost was Rs. 5244 in the year. (Vide Appendix IV.)

Village Police.—Besides the abovementioned regular Police the State maintains a village force of 105 Pasaitas headed by 14 Police Patels, all under the direct supervision of the Foujdar. The Police Patels are stipendiaries, while the Pasaitas are given lands free of State charges during service.

During the year twenty-five offences involving fifteen persons were reported to the Police. All of them were sent to the Nyayadhish Court for trial, out of whom ten were convicted and five acquitted or discharged. (Vide Appendix V.)

Justice.—In order to administer justice, civil as well as crimin[illegible],

there are two courts in the State. The Nyayadhish Court performs all the original work and the Huzoor Court the appellate work.

During the year under report seventy-three offences were reported to the Nyayadhish Court, in which ninety persons were involved. Out of these thirty were discharged without trial, fortysix were acquitted and fourteen were convicted. (Vide Appendix VIII.)

There were no criminal appeals against the decisions of the Nyayadhish Court.

There were seventeen civil suits in the beginning of the year and ninety of the value of Rs. 3979-2-11½ were newly admitted during the year. Out of the total number of one hundred and seven suits ~~eighty-four~~ were disposed of and ~~twenty three~~ remained over for the next year. (Vide Appendix X.)

There were five appeals as the opening balance and two were newly added. They were all disposed of during the year. (Vide Appendix XII.)

The opening balance of applications for the execution of decrees in the beginning of the year was 35 of the value of Rs. 6734-3-6 and 99 fresh applications of the value of Rs. 13316-1-10½ were brought on the register in the course of the year. Out of these 96 of the value of Rs. 11908-11-3½ were disposed of, while 38 of the value of Rs. 8141-10-1 remained over to be disposed of next year. (Vide Appendix XI.)

Extradition.—Seven persons were extradited during the year of whom four were discharged and three convicted.

Jail.—There is only one jail in the State. It is in Vadia. There were two prisoners in the jail at the beginning of the year. Twenty-five were newly admitted during the year and twenty-six discharged. There was one prisoner at the end of the year. (Vide Appendix XIII.)

Registration.—Three documents worth Rs. 1802 were registered during the year yielding an income of Rs. 11. (Vide Appendices XIV & XV.)

Municipal Administration.—There is no regular municipality here; yet arrangements for sweeping and lighting the streets and for miscellaneous purposes cost the State Rs. 952-6-5. (Vide Appendix XVI.)

———:o:———

CHAPTER IV.

Contrary to that of the last year the rain-fall this year was scanty. In the first three months of the season it rained only 8 inches which was quite insufficient for the standing crops to thrive. They began to whither and at some places dried up. Dry fodder was scant; hay was sought for; cultivators were helped by the State to produce green fodder to save their cattle; anxieties were daily felt as famine was imminent and preparations were being made to meet it. Although the fears were great, still there lay a few sparks of hope, as the season had not passed away. At length before the end of September and in the beginning of October a few pretty good showers aggregating about four inches revived the dying crops and greatly helped to improve their condition, and both the Kharif and Rabi harvests could be reaped. The total rainfall in the year was 12 inches and 54 cents. (Vide Appendix XVII.)

The wages of labourers remained almost stationary during the year. The prices of cereals especially Bajree and Jowar have risen considerably. This rise will tell much upon the economic condition of ordinary and poor people to whom they form the staple food. (Vide Appendix XVIII.)

As for public works the State spent Rs. *22212-8-0* on original works and Rs. *2227-7-2* on repairs. (Vide Appendix XIX.)

Great pains are taken to increase the agricultural stock. There were this year 4326 bullocks against 3853 in the previous year and 3768 in the year before it. There were 2404 cows this year against 2158 in the previous year and 2268 in the year before it. There were 1310 ploughs this year against 1148 in the previous year and 1214 in the year before it. There were 563 carts this year against 569 in the previous year and 591 in the year before it. (Vide Appendix XX.)

———:o:———

CHAPTER V.

Revenue and Finance.—The gross total revenue of Samvat 1971 was rupees two hundred and twentyfive thousand six hundred and eleven and the total expenditure was rupees two hundred and twentytwo thousand five hundred and fiftythree. (Vide Appendix XXII.) The

outstanding arrears were recovered to the extent of nearly nine thousand rupees.

———:o:———

CHAPTER VI

Vital Statistics.—There is a dispensary at Vadia where medical aid was given, during the year under report, to 2640 outdoor patients at an annual cost of Rs. 1390-15-8. (Vide Appendix XXIII.)

365 births and 187 deaths were registered during the year against 455 births and 249 deaths in the previous year. (Vide Appendix XXIV.) The ratio of births to deaths this year was 1.951 to 1 against 1·827 to 1 in the previous year.

———:o:———

CHAPTER VII.

There were seven primary schools in the Swang villages of the State, the annual cost of which was Rs. 1920-13-2. (Vide Appendix XXV). Primary education is given free in the State. There are also English and Gujrati schools in Majmu towns and villages under the Jetpur Taluka Court, towards the maintenance of which this State contributed its share of Rs. 3774-9-10 including partial arrears of former years.

VADIA,
31st March 1916.

Mohammad Husain
Karbhari, Vadia.

APPENDIX I.

Names of high officials in the Vadia State and Residency officials showing changes in personnel during the year 1915-1916.

THE

ANNUAL REPORT

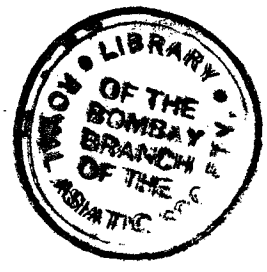
OF

VADIA STATE

for the year

1916-17.

Liberal Laxmi Printing Press-Rajkot Pura.



134992

To,

Darbar Shri Bawawala Saheb

of Vadia State.

VADIA.

Respected Sir,

In Compliance with your order, I have the honour to submit the following report of the state for the year 1916-17 A. D. (St. 1972.)

I have the honour to be

Sir,

Your most obedient Servant,

Mohammad Hussain,

Karbhari, Vadia State.

Vadia

Dated 15th April 1917.

ADMINISTRATION REPORT

OF THE

VADIA STATE

FOR THE YEAR 1916-17.

CHAPTER I.

General and Political.

Status. 1. This State is a Third Class State.

Area. 2. Area of the State is 72 square miles.

Villages. 3. The State has 18 swang villages and has shares in 4 others held jointly with other Share-Holders of Jetpur.

Jurisdiction. 4. The State exercises its own jurisdiction over the swang villages while the jurisdiction of the majmu villages is exercised by the Members of the Jetpur Taluka Court. Our Darbar Saheb is one of the Members.

Population. 5. The population of the State is 10770 souls according to the Census of 1911.

Revenue. 6. The gross revenue of the State on an average of the past five years is Rs. 167081-8-5.

Tribute. 7. The State pays 7887-10-6 to the British Government in the form of Peshkashi as under:—

Rs.	7290-15-0	British Tribute.
„	455—3-6	Gaikwar Jamabandi.
„	141—8-0	Junagadh Zortalabi.
Rs.	7887-10-6.	

8. The present Chief, Darbar Shri Bawawala Saheb aged 42 years, was born on the 11th of July 1874. The Heir-Apparent, Kumar Shri Suragwala Saheb aged 13 years, was born on the 15th of March 1904.

The Chief and his family.

9. The Political Agent, Sorath Prant, Lieut. Col. T. A. F. R. Oldfield, on his tour over this Prant, visited Vadia on the 17th January 1917. He stayed here, for a couple of days.

Notable events.

CHAPTER II.

Administration of land.

Revenue year.

10. The revenue year begins with the Hindu new year's day. The year under report is therefore for Samvat 1972.

Division of the State.

11. For the purpose of the revenue administration, the State is divided into four Divisions. Each division is supervised by a Vahivatdar and his staff. The Vahivatdar carries out his duties under the supervision of the Hazoor Court.

Revenue system.

12. The administration of revenue is carried on under the Chokha Bhagbatai system i. e. in kind & cash; the latter is fixed & the former is fluctuating in proportion to the annual produce of the crops.

Computation of minute revenue items.

13. Over and above this, the state levied certain minor items from the cultivators in the form of Bham, Mapu, Jansi-Bhadu, Police-Vrad etc. which being very troublesome and tedious to the cultivators to pay them and difficult for the state to recover them, the state has commuted all these items into the Santi-Vero, on an average of the last ten years.

By this arrangement, it is hoped, that it will not only make the cultivators able to pay their dues in one sum, but it will go a great way to lighten the heavy work of the revenue establishment.

14. The general condition of the cultivators is on the whole fairly well. They possess sufficient stock of grain and bullocks. But to give them more impetus so as to improve their cultivation, arrangements are being made to supply them with good seeds and money, at the lowest rate of interest.

General condition of the cultivators.

15. For these purposes and to relieve the cultivators from the heavy indebtedness, a Village-Bank has been established on the principles of the co-operative credit society system, prevailing in the British India. This year Rs. 15661-0-0 were advanced to the poor cultivators and nearly 295 of them took advantage of this Bank. It is satisfactory to note here that the working of the Bank this year, tends to show better results in the near future.

Village-Bank.

16. Side by side with this, many efforts are being made to introduce the cultivation of some better quality of cotton; so as to remove the present short stapled cotton named 'Mathio.' But it should be noted with regret that no encouraging result is being obtained yet.

Improvement of cotton seeds.

17. To increase the present produce of the land, much attention is being paid to effect the deep & seasonable cultivation of land and to secure better & economical storage of manure in the pits, instead of its being wasted on the open ground. These and other minute improvements are being made by persuasive methods and much desirable results are being obtained thus.

Cultivation manuring.

18. Over and above this, the cultivators are being supplied with winnowing machines & sugar-cane crushing machines at the cheap rates within easy reach. By the introduction of the former, much labour is likely to be saved & clearer grain obtained, but whether the farmers realize this advantage will be seen next year. As to the latter i. e. the use of sugar-cane-crushing machines, the farmers are freely using them with great ease, saving thereby much time & trouble. Besides the juice pressed out, is much more in quantity and so much saving is effected.

Introduction of winnowing & sugar -cane crushing machines.

19. The state has 4358 bullocks as against 4326 in the previous year, which shows the increase of 32. No efforts are being spared to increase the number of bullocks. For this purpose and to improve the breed, special care is being taken to supply each village with one bull of the well-known 'Gir' breed. Out

Bullocks.

of 18 swang villages, 10 are already supplied with such bulls and the remaining ones will get them, in a year or two By these means much improvement is expected in the present degenerated breed of the cows & bullocks.

Storage of grass & grain.

20. Efforts are also being made to persuade the cultivators to store up sufficient quantity of grass & grain so as to mitigate the distress of bad years.

Wells.

21. Moreover to lessen the hardships of famine special attention is being paid to the sinking of new wells. The expenditure incurred under this head is Rs. 1337-7-9 as against Rs. 1616-11-8 in the previous year.

Introduction of rules for the sale of building sites.

22. As the rules regarding the rights of saleable building-sites, in force in Chital and Jetpur Patis, have been proved advantageous both to the people as well as to the state, it is deemed advisable to intrduce simillar rules in the remaining villages of the state. The introduction of these rules, will ensure to the people more security for their holdings and they are likely to be encouraged to spend good sums over their buildings which will secure for them better sanitation.

Rain-fall.

23. The year under report is on the whole of normal character. In the begining of the monsoons the rain being held up for some time, fear of a dreadful famine was apprehended. But by the favour of God, rains though late, were in sufficient quantity and hence the feared calamity was averted.

The rainfall during the period under report, was 26 inches & 62 cents. as against 12 inches & 44 cents in the previous year.

Boundary disputes.

24. There were 21 boundary disputes in the beginning of the year and 18 were newly added to the number, which brought the total to 39. Out of which, 12 were settled during the year and 27 remain to be settled hereafter.

CHAPTER III.

Protection.

Legislation.

25. The special Laws in the state are fully shown in App. II. In all matters, the state courts are guided by the British Acts in force.

Military.

26. There is no regular military force in the state.

Police.

27. The police strength consists of:—

1 Fouzdar.
1 Asstt. Fouzdar.
1 Havaldar.
2 Naiks.
16 Police Constables.
1 Sowar Jamadár.
5 Mounted Police.
1 Camel Sowar.

The police are armed with muzzle loading guns and bayonets, while the mounted police carry carbines & sowards. Some of the sowars are without carbines, as the Agency has not supplied them, to the state, though being moved from time to time for a number of years past.

The total cost for maintaining the police force is Rs. 4932-0-0 as shown in the App. IV.

Village-Police.

28. Besides the regular police, the state maintains 105 Pasaitas and 15 police patels, who are under the control of the Chief Constable, and their main duty is to protect and guard the villages. The police patels are stipendiaries, while the pasaitas have been given land free of state charges during their services.

Working of the Police.

29. Appendix V & VI will show the working of the Police. The percentage of the conviction is 75 this year as against 66.6 in the last year.

The amount of property stolen during the year was Rs. 377-3-7 as against Rs. 531-8-0 of the previous year, out of which, property worth Rs. 323-15-3 has been recovered as against Rs. 158-2-0 of the last year, showing a percentage of 85.9 as against 29.75 of the last year.

Thus the state police has worked well to the entire satisfaction of the state.

Criminal Justice.

30. There are two Courts in the state. (1) The Huzoor Court & (2) the Nyayadhish Court. The Nayayadhish Court exercises the full criminal power of the state. Appeals against its decision lie to the Huzoor Court. 69 persons were brought

before the Nayayadhish Court for trial, as against 90 of the last year. Out of 69 of the present year, 33 were convicted, 34 acquitted or discharged, leaving a balance of 2. There was only one criminal appeal against the decision of the Nayayadhish court which was modified.

Civil Justice.

31. The Nayayadhish Court exercises all the original civil powers of the state.

The Huzoor Court exercises appellate powers. 103 original Civil suits were filed in the Nayayadhish Court, during the year under report and 9 cases of the previous year were in balance, making a total of 112 cases. Out of these, 94 were disposed of during the year, leaving a balance of 18 suits.

Appendices X, XI & XII show the detailed working of the civil suits and of their execution of the state.

There was one appeal against the decision of the Nayayadhish Court, which was confirmed during the year.

Extradition.

32. The demand for extradition was as usual. Three offenders were extradited during the year under report. Of these three, two were convicted & one was discharged.

Prisons.

33. There is only one jail in the state at Vadia. The building is sufficiently ventilated & there is sufficient accomodation for its inmates. There was one prisoner at the end of the year & 42 were admitted during the year under report.

The number of prisoners in jail at the end of the year is 6. The total cost on account of the jail & prisoners has been Rs. 727-2-10 this year as against Rs. 779-8-3 of the previous year.

Registration.

34. No documents were registered during the year.

Municipality.

35. There is no regular municipality in the state yet the arrangments are being made to look after the sanitation, lighting & conservancy of the capital town Vadia. (Vide App. XVI.)

CHAPTER IV,

Production & distribution.

Weather & crops.

36. The rain-fall during the year 1971 was not timely and sufficient and hence the crops were not good. Rainfall during this year being sufficient, out-turn of the crops is fairly well & consequently prices of grain have some what fallen down and so are within the easy reach of the poor rayots.

Labour.

37. Owing to the increasing demands of the labour in the cities, scarcity of labour is being much felt in the villages & consequently the wages are going up.

Post-Office.

38. There is one post office at Vadia; while in some of the villages, school masters perform the postal work.

Mint.

39- There is no mint here & British coin is in circulation.

Public works.

40, The expenditure on the original works was Rs. 2288-15-9 this year as against Rs. 22212-8-0 of the previous year. Rs. 1796-9-11 were spent after repairs in the year under report, as against Rs. 2227-7-2 of the last year.

Trade & Manufacture.

41. The trade mostly consists of local production of cotton & grain. One geinning factory is being constructed in Vadia. It is hoped, it will give some impetus to trade and sufficient field for labour.

42. During the year under report, the general health of the villages of the state, was satisfactory & demands no special mention.

CHAPTER V.

Revenue & Finance.

43. The total receipts for the Samvat year 1972 amounted to Rs. 1,76,019-8-5 & the total expenditure during the financial year came to Rs. 1,62,533-4-7.

Appendix XXII will show the detailed receipts & expenditure under different heads.

The out-standing arrears were recovered to the extent of nearly Rs. 11439-11-3 during the year under report.

CHAPTER VI.

Vital Statistics.

Dispensary. 44. There is one well-equipped dispensary at Vadia. There were 2220 out-door patients during the year under report. The total cost of the establishment & medicine during the year amounted to Rs. 541-9-11 as against Rs. 1390-15-8 of the last year. (App. XXIV).

Vaccination. 45. 471 children were vaccinated during the year under report as against 391 in the last year.

Births & Deaths. 46. There were 437 births and 220 deaths during the year, as against 365 births & 187 deaths in the last year, giving the ratio of 2:1 respectively,

Epidemic. 47. Fortunately there was no epidemic of any character in the year under report.

CHAPTER VII.

Education.

48. There are seven primary schools in the state as shown in App. XXV.

There were 325 boys during the year under report, as against 311 in the previous year. The expenditure amounted to Rs. 2042-7-2 as against Rs. 1920-13-2 of the previous year. Besides the state spends a handsome sum after scholarships in the aid of education and contributes Rs. 2294-14-6 to-wards the maintenance of Schools in the Majmu towns and Villages of the Jetpur Taluka.

Printing press. 49. There is no printing press in the State.

Emigration or Immigration.

50. There has been no noteworthy emigration or or immigration, during the year.

Lakhu-Bai Dharmalay institution.

51. There was an urgent necessity in Vadia for cultivators to put up when they visited the place on business. During the year under report, Lakhu-Bai Dharmalay has been built to perpetuate the memory of Lakhu-Bai, late lamented daughter of the Darbar Saheb. This building has supplied the wants of a Patel-House. There is also one reading room attached to the institution.

Floods.

52. In September last, the water of the river Surva rose very high, in consequence of which many Katchha houses & the Pottinger Bridge were damaged. The damage amounts to about Rs. 10000. Sufficient reliefs were given to the poor who suffered in the flood.

53. In conclusion, I am happy to note that efforts are not spared to effect improvement & progress in all the state departments on modern system. All the heads of the departments have worked harmoneously & with zeal.

Mohammad Husain

VADIA,

THE

ANNUAL REPORT

OF THE

VADIA STATE

for the year

1917-18.

Liberal Laxmi Printing Press-Rajkot Pura.

To,

Darbar Shri Bawawala Saheb

of Vadia State.

VADIA.

Respected Sir,

In Compliance with your order, I have the honour to submit the following report of the State for the year 1917-18 A. D.

(St. 1973.)

I have the honour to be

Sir

Your most obedient Servant,

For Karbhari, Vadia State.

Vadia

Dated 15th April 1918.

ADMINISTRATION REPORT

OF THE

VADIA STATE

FOR THE YEAR 1917-18.

CHAPTER I.

General and Political.

Status. 1. This State is a Third Class State in Kathiawar.

Area. 2. Area of the State is 72 square miles.

Villages. 3. The State has 18 swang villages and has shares in four others held jointly with other Share-Holders of Jetpur as under:—

Swang Villages.

1. Vadia.	7. Umbrali.	13. Thorkhan.
2. Pipalwa.	8. Rampur.	14. Ghugharala.
3. Dardi.	9. Jangar.	15. Kerala.
4. Dholwa.	10. Nawa Ujala.	16. Akala.
5. Rafalia.	11. Juna Ujala.	17. Luhario.
6. Tadkapipalia.	12. Sanali.	18. Morwada.

Majmu Villages.

1. Jetpur. 2. Chital. 3. Vaghania. 4. Dangavadar.

Jurisdiction. 4. The State exercises its own jurisdiction over swang villages, while the jurisdiction over the majmu ones is exercised by the Jetpur Taluka Court. Our Darbar Saheb is one of the members of the Taluka Court.

Population. 5. The population of the State is 10,770 souls according to the census of 1911.

Revenue. 6. The gross revenue of the State on an average of the past five years is Rs. 1,99,350-2-2.

Tribute.

7. The State pays 7887-10-6 to the British Government in the form of Peshkashi as under:—

Rs.	7290-15-0	British Tribute.
,,	455- 3-6	Gaiekwar Jamabandi.
,,	141- 8-0	Junagadh Zortalbi.
Rs.	7887-10-6	Total.

The Chief and his family.

8. The present Chief, Darbar Shri Bavawala Saheb aged 43 was born on the 11th of July 1874. The heir-apparent Kumar Shri Suragwala Saheb aged 14 was born on the 15th of March 1904.

War.

9. The world-wide war has continued throughout this year also. We have watched with pleasure the entry of the people of the America in the war and the heroic fighting of gallant forces of His Majesty and those of the allies to vindicate the cause of liberty and justice and to protect the rights of smaller nationalities. May the Providence grant the arms of the allies full success and terminate this war with permanent and honourable peace!

CHAPTER II.

Administration of land.

Revenue year.

10. The revenue year begins with the Hindu new year day. The year under report is, therefore, for Samvat 1973.

Revenue administration of the State.

11. For the purposes of revenue administration the State is divided into five divisions. Each division is supervised by a Vahivatdar and his staff. Each Vahivatdar carries out his duties under the direct supervision of the Hazur Court. As the district is widely scattered owing to the custom in Kathis of the equal division of states amongst brothers, it is very difficult to efficiently manage the revenue administration. But the introduction of grouping of 4 or 5 villages in a division under the charge of the Vahivatdar is working satisfactorily to the advantage of the state and the people.

Revenue system.

12. The revenue system is Chokha Bhag system i. e. in kind and cash; the latter is fixed and the former is fluctuating in proportion to the annual produce of the crops.

13. Up to this time there were no uniform rules on paper for the recovery of custom duty in the State. Almost all the villages were guided by the rules of Custom which Ijardars had on the tips of their tongues. Consequently, many disputes arose and it was very difficult to decide them. Besides, it was a cause of irritation and inconvenience to the people as well as loss of revenue to the State. To avoid this it was necessary to frame rules. With this view a meeting of almost all the leading maparas was called and after duly consulting them a table of custom duty was prepared, and new rules have been framed. These are printed and are duly promulgated in all the villages.

Verification of old Mapa Rules.

14. The general condition of cultivators is on the whole fairly well. They possess sufficient stock of grain and bullocks. But in order that they may be encouraged and improve their cultivation, increase their live-stock and necessary implements of agriculture, arrangements are being made to supply them with money at the lowest rate of interest.

General condition of the cultivators.

15. For these purposes and to secure good seeds at cheap rates, and to relieve the cultivators from heavy indebtedness, a "Village Bank" has been opened last year on the principles of co-operative credit society system prevailing in British India. This year Rs. 27,332-5-8 have been advanced to the poor cultivators and Rs. 8027-6-3½ to other rayots, in all amounting to Rs. 35,359-11-11½.

Village Bank.

This year 363 cultivators and 70 others in all 433 people have taken advantage of this Bank at a rate of 6 percent per annum.

16. As reported last year, further efforts were made in the year under report to introduce the cultivation of some better qualities of cotton and to remove the present short stapled cotton named "Mathio". But owing to the want of better variety of seeds at hand, no satisfactory result has been obtained this year.

Improvement of cotton seeds.

17. To increase the present produce of land, proper attention is being paid to effect the deep and seasonable cultivation of land and to secure better and economical manure in pits instead of allowing it to be wasted on the open ground. To secure these and other minute improvements in agriculture, no persuasive and other educative methods are spared by the revenue staff.

Cultivation and manuring.

Besides this, a specialist of agriculture was engaged by the State to go round the villages and to make the farmers familiar with the simple modern principles of agriculture. He visited almost all the villages and had interested discourses with cultivators.

18. Over and above this, cultivators are supplied with 3 winnowing machines freely and 8 sugar-cane crushing machines at cheap rates. Owing to the sheer ignorance of cultivators and their prejudices, the former are not utilised by them; while the latter are taken much advantage of. The Village Bank is, therefore, contemplating to buy more sugar-cane crushing machines.

Bullocks.

19. The State has 3704 bullocks in all, which number is considered fairly well in proportion to the culturable land. All possible efforts are being made to further increase the number of bullocks.

To improve the present breed, special care is being taken to supply each village with one bull of the well-known Gir breed. Out of 18 swang villages, ten were supplied with such bulls and two are added to the number in the year under report. The supply of these bulls has effected considerable improvement in the breed of cows and bullocks.

Storage of grass & grain.

20. All possible efforts are continued this year also to persuade the cultivators to store up sufficient quantity of grass and grain, so that they may be able to mitigate their distress in bad years. To suppliment this, State is also conserving a sufficient quantity of grass and the scheme is under contemplation for finding out the best way of storing grain.

Wells.

21. Moreover, to lessen the hardships of famine proper attention is being paid to the sinking of new wells and to build them pucca.

Rainfall.

22. The year under report was on the whole of normal character. The monsoon had commenced earlier this year than usual. The rain-fall and the duration of the monsoon was greater than the preceding years. The year was considered to be the best one; but the heavy downfall just at the time of reaping crops, spoiled the crops.

The rain-fall during the year under report was 47 inches and 18 cents as against 26 inches and 62 cents in the previous year.

Boundary disputes.

23. There were 27 boundary disputes in the beginning of the year, out of which 15 were settled during the year, and 12 are remaining for settlement.

CHAPTER III.

Protection.

Legistation.

24. The special laws in the state are fully shown in Appendix II. In all matters, the State courts are guided by the British Acts in force.

Military.

25. There is no regular Military force in the State.

Police.

26. The police strength consists of:—

1. Fouzdar.
1. Assistant Fouzdar.
1. Havaldar.
3. Naiks.
18. Constables.
1. Dafedar.
5. Mounted Police.
1. Camel Swar.

The police are armed with muzzle loading guns and bayonets, while the mounted police carry carbines and swords. Some of the police and swars are without guns and carbines, as we have not been able to receive the same from the ordnance department, though the Political Agency has been repeatedly approached in the matter.

The above details of the police strength will show that two constables, and one Naik have been added to the force in this year in order to meet the increasing requirements of the extension of the town.

The total cost for maintaining the police force is Rs. 5328 as shown in App. IV.

I have the pleasure to report that owing to the increase of prices of essentials of livelihood, the State has discontinued the practice of deducting the expense of dress supplied to them from their salaries.

Village-Police.

27. Besides the regular police, the State maintains 104 pasaitas, and 16 police-patels who are under the control of the Chief Constable, and their main duty is to protect and guard villages. The police-patels are receiving stipends while the pasaitas have been given land free of State charges during the continuance of their service.

Working of the Police.

28. Appendix V and VI will show the working of the police. The percentage of conviction is 89·4 this year, as against 75 in the last year. The amount of property stolen during the year was Rs. 1224-14-3, as against 377-3-1 of the previous year, out of which property worth Rs. 176-7-9 has been recovered, as against Rs. 323-15-3 of the last year, showing the percentage of 14. 4 as against 85. 9 of the last year. It is noted with regret that one or two big burglaries have been committed in the latter part of the year, and their investigation is still in progress, and it is hoped that the police will try their best to find out the stolen property, at an early date.

Criminal Justice.

29. There are two courts in the state. (1) The Hazur Court. (2) The Nyayadhish Court. The Nyayadhish exercises full criminal powers of the State. Appeals against his decision lie to the Hazur Court. 70 persons were brought before the Nyayadhish Court for trial as against 69 of the last year. Out of 70 of the present year 23 were convicted, and 47 were acquitted or discharged. Six appeals were brought against the decision of the Nyayadhish Court. They were dealt with as follows:- 2 Appeals were rejected; 2 confirmed; 1 modified; 1 reversed.

Civil Justice.

30. The Nyayadhish Court exercises all the original civil powers of the State.

The Hazur Court exercises appellate powers; 95 original suits were filed in the Nyayadhish Court, and there were 18 cases of the previous year making a total of 113 cases. Out of these 101 were disposed of during the year leaving a balance of 12 suits.

Appendix X, XI, XII show the detailed working of the civil suits, and applications for execution. There were three appeals against the decision of the Nyayadhish court. The decision of the lower Court is reversed in one appeal and is amended in another appeal, leaving a balance of one, at the end of the year.

Extradition.

31. The demand for extradition was as usual. Two offenders were extradited during the year and they were convicted by the Nyayadhish Court.

Prisons.

32. There is only one Jail in the State at Vadia. The building being not suitable to the modern requirements, the State has decided to build a new one at the cost of nearly 5000 Rupees. When it will be ready, it is hoped that it will supply sufficient accomodation for its inmates with proper safety and ventilation. There were six prisoners at the end of the previous year, and 31 were admitted during the year under report, leaving two prisoners in Jail at the end of the year. The total cost on account of Jail and prisoners was Rs. 769-13-11 in this year, as against Rs. 707-2-10 of the previous year.

Registration.

33. Only one document of Rs. 400 has been registered at the request of the parties concerned. The amount of fee realised thereby is Rupee one and four annas.

Municipality.

34. There is no regular municipality in the State ; yet arrangements are being made to look after the sanitation, lighting, and conservancy of the capital town of Vadia.

The Total expenditure on this account for the year under report is Rs. 1443-11-2 as against Rs. 1375-9-6 of the previous year. The increase is due to the high price of Kerosine, and addition of new lamps.

CHAPTER IV.

Production and distribution.

Weather and Crops.

35. The rain-fall in the year 1972 being sufficient, out-turn of crops was sufficient; but owing to the sudden rise of prices of grain, people have to undergo certain amount of hardships.

Labour.

36. On account of the increasing demand of labourers in the cities and owing to the high cost of living, wages of labourers are greatly increasing, and scarcity of labour is felt in villages.

Post Office.

37. There is one Post Office at Vadia; while in some of the villages, school masters perform the work.

Mint.

38. There is no mint here, and the British coin is in circulation.

Forest.

39. There is no regular forest in the State but care is being taken after growing more Babul trees. Besides, the State maintains two Gardens and they are properly looked after.

Public-Works.

40. The expenditure on original works was Rupees 17,167-8-7 in this year, as against Rs. 4983-2-8 in the preceding year. Among other public works, the offices and quarters of Vahivatdars, and their staff, were built in this year at Juna-Ujala, Rafalia, and Chital. Moreover Rs. 2184-3-10 have been spent in this year.

Trade and Manufacture.

41. The trade mostly consists of cotton, grain clothes, and other articles of necessaries of life. There is no local business requiring special mention.

One Ginning Factory was constructed last year; but owing to the scarcity of cotton, its working was suspended this year.

General Condition of State and its People.

42. The general health of people, and cattle was quite satisfactory as was the case last year and it demands no special mention.

CHAPTER V.

Revenue and Finance.

Revenue and Finance.

43. The total receipts for the year 1973 amounted to Rs. 2,46,453-8-5 as against Rs. 1,76,019-8-5 of the previous year.

The total expenditure during the financial year came to Rs. 2,34,167-10-3¼ as against Rs. 1,62,333-4-7½ of the last year.

Appendix XXII will show the detailed receipts and expenditure under different heads.

CHAPTER VI.

Vital statistics.

Dispensary.

44. There is one well equipped dispensary at Vadia. There were 1505 patients during the year under report. The total cost of the establishment and medicine during the year amounted to Rs. 1405-5-11 as shown in App. XXII.

Vaccination.

45. During the year under report 486 children were vaccinated as against 471 in the preceding year.

Births & Deaths.

46. There were 396 births and 296 deaths during the year, as against 437 births and 220 deaths in the last year.

Epidemic.

47. Fortunately there was no epidemic disease in the year under report.

CHAPTER VII.

Miscellaneous.

Education.

48. There are seven primary schools as shown in App. XXV. To meet the increasing demand of education of girls, a girls' school has been opened and an experimental anglo vernacular class has also been opened at the repeated request of the people of Vadia.

There were 294 boys during the year, as against 325 in the previous year. The expenditure amounted to Rs. 2722-4-4 in the year under report. Besides, the State spends a handsome sum after scholarships in the aid of education and contributes Rs. 2294-14-6 towards the maintenance of schools in the Majmu towns and villages of Jetpur Taluka.

Printing Press.

49. There is no printing press in the State.

Emigration & Imigration.

50. There has been no noteworthy emigration or imigration during the year.

Re-Organisation of State records.

51. Up to this time there was no system as to the proper way of keeping the the State records. Consequently, a great amount of hardships and inconvenience was experienced in finding out papers &c.

A special staff of one officer and four clerks has been engaged under a committee of officers. They have to verify the record and to arrange it systematically so that a reference can be found out easily and record preserved.

52. During the year under report all the necessary rules & regulations pertaining to leave, pension, Bhatta allowance and rules guiding the revenue and other departments have been prepared and duly introduced with respect to the proper working & guidance of the State. To bring all the rules and regulations within easy reach and reference of State servants a directory of State is being compiled.

In conclusion I am happy to note that efforts are not spared to effect improvement and progress in all the departments on modern lines. All the heads of the departments have worked harmoniously and with Zeal.

THE ANNUAL REPORT OF VADIA STATE For 1918-19.

ROYAL ASIATIC SOCIETY LIBRARY OF THE BOMBAY BRANCH OF THE

CHAPTER I.

General and Political.

The Taluka of Vadia is $\frac{1}{8}$ of the Taluka of Jetpur. It consists of 18 Swang villages, over which it has sole jurisdiction, civil as well as criminal, and has shares in five others held jointly with other shareholders of Jetpur. In Jetpur town itself it has a share of three annas in the rupee *i. e.* nearly $\frac{1}{5}$ of it which gives this Taluka preeminence over all others.

The area of this state is nearly 72 square miles and its population 10,769 souls. Its annual gross revenue, on an average is Rs. 212364-1-4½.

The State has to pay a tribute, as Peshkashi of Rs. 7290-15-0 to the British Government, as Jamabandi of Rs. 455-3-6 to the Gaikwar and Zortalbi of Rs. 141-8-0 to the State of Junagadh.

The ruling Chief Darbar Shri Bawawala aged 44 years, was born on the 11th July 1874. He exercises the powers of a third class Chief. The heir-apparent Kumar Shri Suragwala, aged 15 was born on the 15th of March 1904.

It is with extreme regret to record three most sad events that occured in the family of Darbar Saheb during the year under report. Sumribai Saheb, Darbar Saheb's mother aged about 64 died on the 28th October 1918 and on the same date Rani Saheb Narmadabai Saheb died at the premature age of about 34 years. The Darbar Saheb's daughter's daughter Bhaniba aged about 5 years died of influenza three days after the above sad demises.

The Political Agent Sorath, Col. T. A. F. R. Oldfield on his tour through the Prant visited this place three times and gave valuable advice and assistance to meet the exigencies of the present scarcity.

———:o:———

CHAPTER II.

Administration of Land.

The administration of the land is carried on under a system of Bhagbatai and Vero assesments in kind and cash the latter fixed and the former fluctuating in propertion to the produce of the crops.

As the rains held off from the month of June last, the scarcity began to be felt in most of the villages. The state, therefore, began giving takavi for kos, varat, seeds, and their maintenance and also remitted the Vaje Bhag on Chena, Makai etc sown by the cultivators.

The rainfall during the year was 3 inches and 20 cents as against 47 inches and 18 cents in the previous year.

The boundry disputes at the end of the year for future settlement are eleven.

——:o:——

CHAPTER III.

Protection.

The state does not maintain any regular military force.

The Police force consists of 26 foot police and 7 mounted, all headed by a Fojdar. The foot police is armed with muzzle loading guns and bayonets and the mounted Police with swords and guns. The total cost was Rs. 5244-14-1 (vide App- 4).

Village Police:—Besides the above mentioned regular police, the state maintains a village force of 117 consisting of Police Patels and pasaitas all under the direct supervision of the Fojdar. The Police Patels are stipendaries while the Pasaitas are given lands free of state charges during service.

During the year 42 offences involving 39 persons were reported to the Police. They were all sent to the Nyayadhish Court for trial. 29 of them were convicted and 5 acquitted and discharged. (vide App. 5).

Justice:—In order to administer justice, Civil as well as Criminal there are two courts in the state. The Nyayadhish court performs all the original work and the Huzur Court, the appelate work. During the year under report 41 offences were reported to the Nyayadhish Court in which 72 persons were involved. Out of these, 6 were dis-

charged without trial, 32 acquitted and 29 Convicted; while 5 remained under trial at the end of the year. (vide App. 8)

There was one criminal appeal against the decision of the Nyayadhish court to the Huzur Court, which was reversed. (vide App. 9)

There were 12 Civil suits in the beginning of the year and 62 of the value of Rs. 4268-1-5½ were newly admitted during the year. Out of the total number of 74 suits, 54 were disposed of and 20 remained over for the next year. (vide App. 10)

There were 2 civil appeals to the Huzur Court against the decision of the lower court, one of which was struck off the file, and the other was modified.

The opening balance of applications for execution of decrees in the beginning of the year was 24 of the value of Rs. 3599-6-2 and 31 fresh applications of the value of Rs. 1883-5-8 were brought to the register during the year. All these applications for execution decrees were disposed of. (vide app. 1I)

Extradition:—During the year under report 8 persons were extradited and they were all convicted and 2 persons were surrendered for trial to other states.

Jail:—There is only one jail in the state which is newly built in Vadia. There were 2 prisoners at the end of the last year and 53 were admitted during the year. Out of these 50 were discharged and 5 remained at the end of the year. One prisoner died of influenza. The total cost of the jail was Rs. 752-12-5 (vide App. 13)

Registration:-During the year 6 documents worth Rs. 3151-0-0 were registered yeilding an income of Rs. 13-0-0 (vide App. 14 and 15).

Municipal Administration:-There is no regular Municipality here, yet arrangements for sweeping and lighting the streets and for miscellaneous matters cost the state Rs. 1528-15-6 (vide App. 16).

———:o:———

CHAPTER IV.

The rain fall this year was virtually nothing as compared with that of previous year which was more than average. This year is of draught. Fortunately some villages *viz.* Thorkhan, Chughrala, Chital, Akala, Kerala, and Jhangar had some quantity of rain where by they could produce

some juwar and bajri which helped them much for their fodder. When the scarcity began to be felt, the Darbar Saheb was pleased to appoint a committee of State officers under the supervision of the Nyayadhish to look after the needs of the cultivators and their cattle. The cultivators have been helped by giving tacavi from the merchants under the guarantee of the State, the total sum amounts to Rs. 25563-6-10½ upto 31st, March 1919. There was scarcity of fodder for the cattle, but the cultivators recouped the deficit by lucern, carrots, maize etc. and thus they will not be in want till the monsoon. Again the state made frequent demonstrations in all the villages to encourage the cultivators to use as emergency fodder the prepared cactus under the instructions of the Political Agent and the result of them show that the cactus, if carefully prepared, is eaten by the cattle which can be saved thereby, when there is no other fodder available.

The rainfall during the year was 3 inches and 20 cents against 47 inches and 18 cents in the previous year. (vide App. 17).

The wages of the labourers remained almost below the normal.

The state felt the necessity of opening the village works such as repairing of roads etc from the beginning of September as the labourers in Vadia did not get sufficient work. At present labourers are working in Vadia in the village works. The total cost amounts to Rs. 5328-2-3 upto 31st March 1919, including gratuitous relief.

The prices of cereals were abnormally high during the whole year under report (vide App. 18).

As for Public works, the state spent Rs. 30608-13-4 on original works and Rs. 2460-8-10 on repairs (vide App. 19).

Great pains are taken to increase and save the agricultural stock. There were 3412 bullocks, 2034 cows, 37 colts. (vide App. 20)

The general health of people and cattle are quite satisfactory.

———:o:———

CHAPTER V.

Revenue and Finance:—The gross total revenue of Samvat 1974 including sale of Darbargadh & other sites at Jetpur amounted to Rs. 449490-7-½ and the total expenditure was Rs. 409952-13-7½ (Vide. App. 22).

———:o:———

CHAPTER VI.

Vital Statistics:—There is one dispensary at Vadia where medical aid was given during the year under report to 1901 out-door patients at an annual cost of Rs. 820-10-1

During the year under report 337 children were vaccinated. 271 births against 1000 deaths are registered. The heavy mortality was due to influenza in the whole Taluka and Cholera in Vadia alone during the year under report. (Vide App. 24)

———:o:———

CHAPTER VII.

Education.

There are seven primary schools as shown in App. 25. There is also one girls' school and one Anglo Vernacular middle school for boys in Vadia, the annual cost of which was Rs. 3936-14-0. Primary education in all the schools of the state is given free.

There is no printing press in the State.

THE ANNUAL REPORT OF VADIA STATE

For 1919-20.

LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY.

CHAPTER I.

General and Political.

The Taluka of Vadia is $\frac{1}{8}$ of the Taluka of Jetpur. It has 18 Swang villages, over which it exercises third class jurisdiction, civil as well as criminal, and has shares in five other villages jointly with other shareholders. In Jetpur town, it has a share of three annas in the rupee i. e. $\frac{1}{5}$ of it which gives it preeminence over all others.

The area of the Taluka is nearly 72 square miles, and its population is according to the census of 1911 is 10769 souls

The annual gross revenue on an average of five years is Rs. 259911-1-4.

The Taluka pays Rs. 7290-15-0 to the British Government as Peshkashi (tribute); Rs. 455-3-6 to the Gaikwar as Jamabandi and Rs. 141-8-0 to the state of Junagadh as Zortalabi.

The ruling chief Darbar Shri Bawawala Saheb aged 45 years, was born on the 11th July 1874. He exercises the powers of a third class chief. The heir apparent Kumar Shri Suragwala aged 16 years, was born on the 15th March 1904.

The Political Agent, Sorath Prant Major L. E. Lang, paid a short visit in the first week of March 1920.

———:o:———

CHAPTER II.

Administration of Land.

The Darbar Saheb has been pleased to introduce the system of Vighoti (cash assessment) in lieu of Bhagbatai during the current year seeing the hardships and inconveniences experienced by the cultivators. The Vighoti has been fixed for five years on the average collections of the last ten preceeding years of the Taluka.

The cultivators were very much pleased with the new system of Vighoti and as he crops were good and prices high, they were able to pay off the arrears and Tagavi sums.

The rainfall during the year was 32 inches and 76 cents against 3 inches and 26 cents in the previous year. Thus this year the rainfall was normal.

The boundary disputes at the end of the year for further settlement are thirteen.

———:o:———

CHAPTER III.

Protection.

The Taluka does not maintain any regular military force.

The Police force consists of 26 footpolice and 7 mounted all under the supervision of a Fojdar. The footpolice is armed with muzzle loading guns and bayonets and the mounted police with swords and guns. The total cost was Rs. 5038-1-9 (Vide. App. 4)

Village Police:—Besides the above mentioned regular police, the Police patels and pasaitas numbering 112 are employed in the villages under the supervision of the Fojdar. The Police patels are stipendaries and the pasaitas are given lands free of charges.

During the year 36 offences involving 44 persons were reported to the Police. They were all sent to the Nyayadhish court for trial, 35 of them were convicted and 9 were acquitted and discharged. (Vide. App. 5)

Justice:—In order to administer justice civil as well as criminal, there are two courts in the Taluka. The Nyayadhis court exercises jurisdiction of the Taluka all the original work and the Huzur Court, the appellate work.

During this year 55 offences involving 77 persons were reported to the Nyayadhish Court. Out of these 40 were convicted and 37 were discharged. (Vide App. 7 & 8)

There was one criminal appeal against the decision of the Nyayadhish Court to the Hazur Court which was confirmed. (Vide App. 9.)

There were 2o civil suits in the beginning of the year & 106 of value of Rs. 10635-15-0 were newly admitted during the year. Out

of the total number of 126 suits, 27 were disposed of and 29 suits remained over for disposal for the next year. (Vide. App. 10)

There was only one civil appeal to the Huzur Court, against the decision of the lower Court filed recently, which was remanded to the lover Court. (Vide. App. 12)

During the year, 119 applications for execution of decree of the value of Rs. 15814-3-3 were filed. Out of which 62 of the value of Rs. 8521-10-9 were disposed of, leaving the balance of 57 of the value of Rs. 7292-8-6 for disposal during the next year. (Vide. App. 11)

During the year under report 7 persons were extradited for trial in the Nyayadhish Court, 5 persons were convicted and 2 were discharged.

Jail:—There is only one Jail in the Taluka. There were 5 prisoners at the end of the last year and 50 were admitted during the year. Out of these 54 were discharged and only one remained at the end of the year. The total cost of the Jail was Rs. 522-4-9. The general health of the prisoners was good (Vide. App. 13.)

Registration:—During the year 6 documents worth Rs. 5301-0-0 yeilding an income of Rs. 13-12-0 were registerd out of 6 documents, 3 were mortgage deeds and 3 were wills. (Vide. App. 14 & 15.)

Municipal Administration:—Thers is no regular Municipality in the town of Vadia, but the Taluka bears the cost of sweepers, light etc. The cost of the year was Rs. 2380-2-5 (Vide. App 16)

———:o:———

CHAPTER IV.

The rainfall in the year being sufficient, outturn of crops was sufficient. The cultivators gained much owing to the high prices.

The rainfall during the year was 22 inches and 76 cents quite sufficient for the Taluka. (Vide. App. 17)

The wages of the labourers are increasing owing to the high prices of food stuffs etc. but there is no scarcity of labour reported.

The prices of Staple food were higher than normal. (Vide App. 18)

Post office:—There is only one Branch Post office at Vadia.

Public works:—The expenditure for original works was Rs. 7086-8-7 and for repairs Rs. 1665-2-7. The total cost was Rs. 8751-11-2 (Vide. App. 19)

There was appreciable increase in the agricultural stock after the last famine. Great pains were taken by the Taluka to save the stock. There were 3710 bullocks, 2196 cows & 38 colts. (Vide. App. 20)

The general health of the people and cattle are quite satisfactory. The cultivators were much benefitted by the introdutcion of the system of Vighoti and most of them were able to liquidate their past debts and arrears.

———:o:———

CHAPTER V.

Revenue and Finance:—The gross total revenue of Samvat 1975 including sale of Darbargarh and other sites at Jetpur amounted to Rs. 283943-9-1½ and the total expenditure was Rs. 262801-15-6 (Vide App. *22*).

———:o:———

CHAPTER VI.

Vital statistics:—There is one dispensary at Vadia. There were 1385 out-door and 3 in-door patients. The total cost was Rs. 1480-5-0 (Vide. App. 23).

During the year under report 317 children were Vaccinated.

There were 305 births against 295 deaths in the Taluka during the year. There was no epidemic during the year. The general health was quite satisfactory. (Vide. App. *24*)

———:o:———

CHAPTER VII.

EDUCATION. There are 7 Gujarati schools for primary education in the Taluka and one school for girls, and one middle school, English for boys in Vadia. The annual cost for education was Rs. 3492-14-0 The education is given free by the Taluka.

There is no printing press in the Taluka.

Dated 20th April 1920.

THE ANNUAL REPORT OF VADIA STATE

For 1920-21.

CHAPTER I.

General and Political.

The Taluka of Vadia is $\frac{1}{8}$ of the Taluka of Jetpur. It has 18 swang villages, over which it exercises separate third class jurisdiction, civil as well as criminal, and has shares in five other villages jointly with other shareholders.

In Jetpur town, it has a share of three annas in the rupee *i. e.* $\frac{1}{5}$ of it which gives it preeminence over other shareholders of Jetpur.

The area of the Taluka is nearly 72 square miles and its population according to the census of 1921 is 11656 souls which gives an increase of 887 persons.

The climate of Vadia is healthy.

The annual gross revenue on an average of five years is Rs. 271192-0-0.

This Taluka pays Rs. 7290-15-0 to the British Government as Peshkashi (tribute ; Rs. 455-3-6 to the Gaikwar as Jamabandhi and Rs. 141-8-0 to the Junagadh state as Zortalabi

The Ruling family of Vadia is Kathi of the Wala subdivision and it follows the rule of succession by primogeniture.

The ruling Chief Darbar Shri Bawawala Saheb aged 46 years was born on the 11th July 1874. He exercises the powers of a third class chief. The heir-apparent Kumar Shri Suragwala saheb aged 17 years was born on the 15th March 1904 and is taking his education and training under Mr. Narhar Balkrishna Joshi B. A. L. L. B.

The Political Agent Sorath Prant Major L. E. Lang paid a short visit in March 1921.

———:o:———

CHAPTER II.

Administration of Land.

The Taluka is divided into 4 Tappas for revenue administration *viz*, Rampur Tappa, Ujla Tappa, Luvaria Tappa and Jetpur Tappa. The Vahivat of each Tappa is made by a Vahivatdar of each Tappa

The system of Vighoti (cash assessment) has been introduced since last year and has worked well but owing to fall of prices in kapas & total failure of til crops the Taluka was obliged to suspend the recoveries of vighoti in some of the villages and guaranteed debts for the next year.

There are two big grass Vidis in the Jetpur Tappa and two in Sanali & Vadia & some pasture land and small Vidis were set apart this year to meet the deficit of grass in the years of scarcity.

The plough bullocks and other cattle of the cultivators were taken good care of and they are in good condition. This Taluka has prohibited the export of the bullocks and cattle beyond its limits.

The rainfall during the year was 21 inches and 99 cents against 22 inches and 76 cents in the previous year. Thus this year the rainfall was normal.

The boundary disputes at the end of the year for settlement are 26.

———:o:———

CHAPTER III.

Protection & Legislation.

The state generally follows as far as possible the spirit of British India Acts & the Agency laws except Registration & other minor local rules. (Vide Appendix 3).

The state maintains no military force.

The strength of the Police force is one Foujdar with 24 footpolice, and 7 mounted Police under his supervision. The footpolice is armed with muzzle loading rifles and the mounted police with swords and rifles. (Vide Appendix 4) The total cost was Rs. 5460/-. Besides the regular police, there are Police Patels and pasaitas numbering 112 and are located in the villages of the Taluka under the supervision of the Foujdar. The Police Patels are stipendiaries and pasaitas are given lands free of assessment.

During the last year 27 offences involving 34 accused were reported to the Police They were all sent to the Nyayadhis Court for trial, 26 of them were convicted and 8 were acquitted and discharged. (Vide Appendix 5) Thus the percentage of conviction is 76-17 as against 79-55 of the last year.

The appendix 6 shows the value of property stolen and amount of recoveries during the year . The percentage is 15-7 as against 67- of the last year & it was owing to a theft of property worth Rs. 1298-10-0 in the village of Akala which is situated on the boundary of the village of Ansodar under Bhawnagar which is as alleged notorious for habitual thieves. The offenders are at large but endeavours are made by the Police to trace out the property and the offenders. Thus if the sum of Rs. 1298-10-0 is taken out the percentage comes to 65-10 (Vide Appendix 6)

Criminal Justice:—There are two courts in the State.

The Huzur Court and the Nyayadhis Court. The Nyayadhis Court exercises jurisdiction of the Taluka of all the original work and the Huzur Court, the appallate work.

During the year 39 cases of the offences involving 65 persons were dealt with by the court of the Nyayadhis out of these 28 were convicted and 37 were acquitted & discharged. (See Appendices 7 & 8)

There was one criminal appeal in the Huzur Court against the decision of the Nyayadhis Court which was modified. (Vide Appendix 9)

Civil Justice:—There were 29 civil suits in the beginning of the year and 76 suits of the value of Rs. 16,500-8-3 were admitted during the year. Out of these 105 suits, 94 suits were disposed of and 11 suits remained over for disposal for the next year. (See. App. 10.)

There was one civil appeal to the Huzur Court which was disposed of during the year.

During the year 105 applications for execution of decree of the value of Rs. 10,005-11-6 were filed. There were 57 applications for execution of the value of Rs 7292-8-6 remained undisposed last year.

131 applications were disposed of leaving a balance of 31 applications, to be disposed next year.

During the year 2 persons were extradited for trial in the Nyayadhish Court from the Taluka Court Jetpur without the intervention of the Agency and they were discharged.

Jail:—There is only one jail in Vadia. There was one prisoner at the end of the last year and 38 were admitted during the year. Out of these 38 were discharged and only one remained at the end of the year. The total cost of the jail was Rs. 749-11-0 as against Rs. 522-4-9 of the last year. The general health of the prisoners was good. (Vide App. 13).

Registration:—During the year 10 documents worth Rs 3821-0-0 were registered by the Nyayadhish Court, out of which 9 were mortgage deeds and one was will. The fees realized were Rs. 37-0-0 (Vide App. 14 & 15)

Municipal Administration:—There is no regular municipality in the town of Vadia but the state defrays the cost of sweeping the roads and lighting the streets. The cost of the year was Rs. 2276-11-1.

——:o:——

CHAPTER IV.

Production and Distribution.

The total rainfall during the year was 21 inches and 99 cents as against 22 inches and 76 cents of the past year. Though the rainfall was sufficient for the season, but the rain was not at regular intervals throughout the Taluka. In the villages of Luvaria Tappa, the rainfall was not sufficient. The standing crops of Juwar & Bajri were damaged by some insects called Khapedi and in the latter portion of the season, owing to the scanty rainfall the Til crops were damaged thus the general outturn of crops was ten annas in the rupee.

The wages of labourers are increasing owing to the high prices of food stuffs. The cultivators get their farm servants at very increased rates, though there has been no scarcity of labour reported.

The prices of foodstuff were higher than normal (Vide App. 18).

Forest:—There is no forest in the Taluka. The Baval trees are grown in some of the villages & they are taken care of by the Taluka. Many baval trees were damaged by the cyclone.

Trade and Manufacture:—The foodstuffs such as, wheat, cotton are exported from the Taluka and the clothes and other necessities of life are imported.

Public works:—The expenditure for original works was Rs. 13127-7-8 and for repairs Rs. 8811-6-3. (Vide App. 19).

Post Office and Mint:—There is one branch Post Office at Vadia and there is no mint in the state.

General Condition of the State And its People:—The general health of the people and their cattle are quite satisfactory. There was appreciable increase in the agricultural stock. The Taluka has issued prohibitory orders to the export of cattle The cultivators are much benefitted by the introduction of cash assessment.

CHAPTER V.

Revenue and Finance:—The gross receipts for the St. year 1976 was Rs 282017 and the total expenditure was Rs. 263805 (Vide App. 22)

CHAPTER VI.

Vital Statistics

There is only one dispensary at Vadia. There were 1932 out-door patients as against 1385 of the last year and there was one in-door patient during the year. The dispensary is taken advantage of by the people of the surrounding villages. The total cost was Rs 2095-9-6 as against Rs 1480-5-0 of the last year. (Vide App. 23)

During the year under report 361 children were vaccinated as against 317 of the last year.

There were 297 births and 330 deaths during the year against 305 and 295 respectively of the last year. There was no epidemic during the year and the general health was quite satisfactory. (Vide App. 24)

CHAPTER VII.

Education.

There are seven Gujrati Schools for boys in the Taluka and one girls School at Vadia for primary education. There is one English middle School for boys in Vadia The Education is given free. The annual cost for education is Rs, 4779-15-0. Besides these the Taluka gives scholarships to the poor students studying in the schools outside the Taluka

There is no printing Press in the Taluka. There is only one library named Shri Valbai Pustakalaya in Vadia.

Dated 30th April 1921
Vadia.

Mohammad Husain,
Karbhari, Vadia.
